I. GENERAL DESCRIPTION

Description: Aervoe Glass Cleaner is an industrial cleaner that is effective on a variety of glass-based surfaces. It is packaged with a 360° spray anyway valve allowing for application in tough spaces. The fast-working foam cuts through dirt, grease, and grime. Wipes off to a bright and sparkling, streak-free finish. Cleans all glass and Plexiglas objects, leaving an invisible, dust-repelling shield that retards fogging. Non-streaking, fast action cleaner for economical applications.

Benefits: Glass Cleaner does not leave a film, contains no ammonia, retards fogging, removes smoke haze and is harmless to painted surfaces. This fast-acting formulation even removes fingerprints. Will also cut through greasy residue and factory film.

Application: Use to clean all glass including mirrors, windshields and Plexiglas.

Directions: For best results product should be used at temperatures between 60° and 80°F (16° and 27°C). Aerosol: Align spray head with black mark on valve rim to ensure complete evacuation. Before spraying, shake can vigorously for 2 seconds. Hold can in an upright position, 8 to 12 inches from surface to be cleaned and spray using a sweeping motion.

Bulk: Mix well before use. Can be applied by spray or by dipping cloth or squeegee into product. Glass surface should be wiped clean with a lint-free cloth, paper towel, or squeegee.

Limitations: Please refer to the Safety Data Sheet for specific information on material hazards, etc.
